

United States of America
Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SA11NW

This certificate, issued to James L. Fletcher
8904 Randolph Street
Houston, Texas 77061

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 23 of the Federal Aviation Regulations, effective February 1, 1965 and Amendments 23-1 and 23-2.

Original Product — Type Certificate Number: A11EA
Make: American Aviation
Model: AA-1, AA-1A, AA-1B

Description of Type Design Change: Installation of Van's Aircraft Model VA-2 wheel fairings in accordance with Van's Aircraft Drawing List Report No. VA-2, dated July 3, 1972, Revision 1.

Limitations and Conditions: Approval of this change in type design applies to the basic above model aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate must be included in the permanent records of each modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: July 5, 1972

Date reissued December 30, 1992

Date of issuance: September 18, 1972

Date amended September 4, 1973, December 30, 1992

By direction of the Administrator
Barbara H. H. H.
